*Proposer: please complete all gray-shaded areas.
Obtain a proposal number from the Secretary and write it on the tear-off slip.
Make 20 photocopies and submit to the Secretary.*

RULE CHANGES Any active player may propose a rule change. The proposal must be submitted on a special form (obtained from the Secretary) along with 20 photocopies. Once submitted, a proposal may not be altered in any way and may not be withdrawn from consideration. The Secretary will distribute photocopies of the proposal and/or collect ballots at the next four consecutive game nights. All participating players attending any of the four game nights (including the player who submitted the proposal) may vote “in favor” or “against” the proposal or abstain from voting. Only participating players may vote and each may vote only once, regardless of how many of the four game nights they attend. Once a vote is cast, it cannot be changed or withdrawn. After Euchre on the fourth game night, the Secretary will publicly count the votes and announce the result. A majority “in favor” vote will cause the change to go into effect immediately. The Secretary will update the printed rules before the next game night or as soon as possible thereafter. A majority “against” vote, or a tied vote, will end all consideration of the proposal.
